

15th April 2020

Dear Valued Customer:

For our customers' convenience in an increasingly complex regulatory world, Greentree has put together the following regulatory list for our catalogue standard parts. We understand that our customers often have several regulations to meet at one time, so we have gathered as much information as we can. The data below is based on the information provided by our suppliers and other readily available information. This information is not intended to substitute for any testing you may need to conduct to determine for yourself the suitability of these parts for a particular purpose, application, or destination. Greentree makes no guarantee of results and assumes no obligation or liability whatsoever in connection with this information. A list of our "standard option materials and colors" is provided at the end of this letter.

EC Directive on Waste Electrical and Electronic Equipment (WEEE) and EC Directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment, RECAST 2011/65/EU (RoHS2) & Directive (EU) 2015/863 (RoHS3)

Greentree standard option materials and colors meet the EC directives, and do not contain any substances above reportable thresholds.

China RoHS 2 (effective 1 July, 2016) - China's Ministry of Industry and Information Technology (MITT)

Greentree standard option materials and colors do not contain any substances greater than those allowed per GB/T 26572-2011.

REACH (Restriction, Evaluation, and Authorization of Chemicals / Substances of Very High Concern / Restrictions):

Greentree standard option materials and colors do not contain substances of very high concern (SVHC) or substances in Annex XIV and Annex XVII above reportable permitted thresholds.

IMDS/GADSL (International Material Data System concerning the Global Automotive Declarable Substance List):

IMDS submissions are available upon request. Please provide your IMDS ID number. Please refer to individual MDS for declarable substances according to the GADSL. There

are no prohibited substances according to the GADSL present in our standard option materials and colors above the applicable thresholds.

California Proposition 65

Some of our standard option parts contain substances known to the State of California to cause cancer or reproductive harm. Disclosures for particular parts are made as applicable. We are not aware of consumer product exposure scenarios where the warning thresholds would be exceeded, but the responsibility for warning determinations rests with our customers.

Conflict Minerals (i.e. tantalite, tin, tungsten, and gold)

Greentree has been assured by our suppliers that metals derived from minerals defined as “Conflict Minerals” per Section 1502 of the Security & Exchange Commission *Dodd-Frank Wall Street Reform and Consumer Protection Act* are not present in our standard option materials and colors.

BPA, DEHP, Mercury and Sulfur

The following ingredients are not intentionally utilized in Greentree standard option materials and colors: BPA, DEHP, Mercury and Sulfur.

Montreal Protocol (CFC's and HCFC's)

Greentree products are not manufactured with CFC's or HCFC's.

JIG (Joint Industry Guide) Level A and Level B substances

Greentree products made from standard option materials and colors do not contain JIG Level A substances. Non-PVC standard option products do not contain Level B substances. Standard option PVC products contain PVC and certain phthalates over 1000ppm.

Latex

Greentree standard option materials and colors do not contain natural rubber latex and are not manufactured with natural rubber latex.

TSE/BSE and Animal Origin

Greentree maintains certifications that any ingredient of animal origin is processed beyond the requirements listed by the US and the European Union to prevent TSE/BSE transmission.

CONEG and Packaging Directive 94/62/EC

Our products (as packaging) contain less than 75 ppm of (combined) Lead (Pb), Mercury (Hg), Cadmium (Cd), and Chromium VI (CrVI+).

SDS (Safety Data Sheets).

According to 29 CFR 1910.1200 (b) Greentree products are considered articles and are exempt from the requirements of SDS.

Below is a list of Greentree Standard option materials and colorants:

List of standard option materials: List of standard option colors:

PE-LD01	BLK002
PE-HD06	BLU002
PE-MD05	BLU003
E/VAC04	BRN547
E/VAC75	GRN002
TEO70	GRY009
PP08	NAT001
PP701	ORG002
PP702	RED002
PE-HD11	WHT002
	YEL002

List of standard option PVC:

PVCBLK100
PVCBRN200
PVCORG400
PVCRED312
PVCYEL501
PVCGRN601
PVCBLU707
PVCGRY801
PVCWHT902

We appreciate your interest in our products. If you have any other regulatory/SOC questions, please contact us.

Best Regards,

James Locke
Managing Director
